Dear Jim:

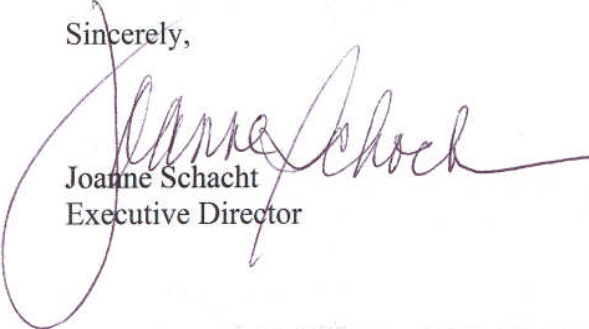

I am writing to tell you how thrilled we are with the play yard that was converted to your artificial turf. As you know we only started with one yard to test the product for durability. I have to tell you that knowing how much wear and tear our dogs create in the play yards I was a bit concerned as to whether or not the turf would hold up. I was sure that our more persistent pups would dig up the edges.

I have never been happier to be wrong. The play yard looks as wonderful as the day it was installed. It is attractive and much more sanitary for the animals. Our dogs are show cased in a real yard and people can imagine them in their own back yard. This has helped with our adoptions tremendously.

We are looking forward to expanding the installation to our other play yards as soon as funds permit.

Thank you for your patience and your thoroughness as I know I had a million questions. What a wonderful experience this has been.

Sincerely,

Joanne Schacht
Executive Director
